Rawat defends lower spending on defence

AJAI SHUKLA
New Delhi, 10 May

“WE HAVE TO GUARD AND FIGHT ONLY ALONG OUR BORDERS AND, OF COURSE, DOMINATE THE INDIAN OCEAN REGION. SO WE SHOULD NOT GO IN FOR LARGER AMOUNTS OF IMPORTS BY MISREPRESENTING OUR OPERATIONAL REQUIREMENTS”

GENERAL BIPIN RAWAT,
Chief of defence staff

Just days after a top ministry of defence (MoD) official warned of sharp cuts in the defence allocations for 2020-21, the Chief of Defence Staff (CDS), General Bipin Rawat, said the military should not be “misrepresenting its requirements” in order to “go in for large amounts of “weapons imports.”

Backing the government's cuts on defence expenditure, Rawat said in Delhi on Saturday that military planners should stop pretending that India's military was playing a global role. Given the military's limited role, indigenous produced weapons were adequate, said Rawat.

“We are not expeditionary forces that have to deploy around the globe. We have to guard and fight only along our borders and, of course, dominate the Indian Ocean Region (IOR). So we should not go in for larger amounts of imports by misrepresenting our operational requirements,” stated the CDS.

Instead of imports, Rawat said the military should boost the “Make in India” initiative by using indigenously developed weapons, even if those met just 70 per cent of the specifications the military ideally required. Given an opportunity, he said, India's defence industrial base would learn to build world-class equipment, incorporating cutting-edge

technologies.

Rawat's remarks have been greeted with shock in military social media chat groups. There is dismay at the suggestion that the military has been importing equipment under false pretences, and at the exhortation to go into combat with “inferior” weaponry.

Rawat has departed from two central tenets embraced by successive military chiefs: First, the operating assumption that India is an Indo-Pacific regional power, not just a local actor; and second, that the army, navy and air force must never be technologically over-matched by an enemy. It is assumed that if indigenous weaponry were inferior, the government would import what was needed from the global arms market.

The erosion of the military budget by Covid-19 is evoking concerns, similar to Rawat's, from retired service chiefs as

well. Admiral Arun Prakash (Retired), one of India's navy chiefs, cautioned on Thursday that budget cuts meant that India could no longer afford enmity with both China and Pakistan.

Stating that New Delhi should do what it takes to mend fences with Beijing, Prakash said: “We just cannot handle two fronts. If you have two enemies make peace with one... It's time to think like Chanakya and make peace on one front... Pakistan is only a puppet of China. China is the main adversary and it would make sense to come to terms with China.” Pointing to the growing military mismatch between India and China, Prakash admitted that India's “Maritime Capability Perspective Plan” goal of fielding a 200-warship navy by 2027 appears “very unlikely.”

India, China troops face off in Ladakh, Sikkim; several hurt

PRESS TRUST OF INDIA
New Delhi, 10 May

Troops of India and China were involved in two fierce face-offs in Eastern Ladakh and near Naku La Pass in the Sikkim sector along the contentious border between the two countries, official sources said on Sunday.

In the first incident, scores of Indian and Chinese army personnel clashed along northern bank of the Pangong Lake in Eastern Ladakh on the late evening of May 5 and the face-off ended next morning following a dialogue between the two sides, they said.

A number of soldiers on both

the sides sustained minor injuries, the sources said, adding around 200 personnel were involved in the face-off. Both sides brought in additional troops following the fracas. It was the first case of troops from both sides exchanging blows after a similar incident had taken place around the Pangong Lake in August 2017.

There was no official reaction or details about the number of injuries on the Indian side. In a separate incident, nearly 150 Indian and Chinese military personnel were engaged in a face-off near Naku La Pass in the Sikkim sector of the Sino-India border in which at least

10 sustained injuries, the sources said. The personnel exchanged punches, they said. “Temporary and short duration face-offs between border guarding troops do occur as boundaries are not resolved... Aggressive behaviour by the two sides resulted in minor injuries to troops,” said an Army official. “The two sides disengaged after dialogue and interaction at local level. Troops resolve such issues mutually as per established protocols,” he said. The troops of India and China were engaged in a 73-day stand-off in Doklam tri-junction in 2017 which even triggered fears of a war between the two nuclear-armed neighbours.

Notes:
1. Since the first quarter of CY2020, the Covid-19 pandemic has impacted most of the countries, including India. This resulted in countries announcing lockdown and quarantine measures that sharply stalled economic activity. The Indian economy would be impacted by this pandemic with contraction in industrial and services output across small and large businesses. The Bank's business is expected to be impacted by lower lending opportunities and revenues in the short to medium term. The impact of the Covid-19 pandemic on Bank's results, including credit quality and provisions, remains uncertain and dependent on the spread of Covid-19, steps taken by the government and the central bank to mitigate the economic impact, steps taken by the Bank and the time it takes for economic activities to resume at normal levels. The Bank's capital and liquidity position is strong and would continue to be the focus area for the Bank during this period. In accordance with the regulatory package announced by the Reserve Bank of India on March 27, 2020, the Bank has extended the option of payment moratorium for all amounts falling due between March 1, 2020 and May 31, 2020 to its borrowers. In line with the RBI guidelines issued on April 17, 2020, in respect of all accounts classified as standard as on February 29, 2020, even if overdue, the moratorium period, wherever granted, shall be excluded from the number of days past-due for the purpose of asset classification. At March 31, 2020, the Bank has made Covid-19 related provision of ₹ 2,725.00 crore. This additional provision made by the Bank is more than requirement as per the RBI guideline dated April 17, 2020.
2. RBI through its circular 'Declaration of dividends by banks (Revised)' dated April 17, 2020, has directed that banks shall not make any further dividend payouts from the profits pertaining to FY2020 until further instructions. This is with the intent that the banks conserve capital to retain their capacity to support the economy and absorb losses in an environment of heightened uncertainty caused by Covid-19. Accordingly, the Board of Directors has not recommended dividend for FY2020.
3. During FY2020, the Bank and certain group companies decided to exercise the option of lower tax rate available under Section 115BAA of the Income Tax Act, 1961, as introduced by Taxation Laws (Amendment) Ordinance, 2019, with effect from FY2020. Accordingly, the Bank and certain group companies have recognised the provision for income tax and re-measured the accumulated deferred tax asset at March 31, 2019 based on the rate prescribed under Section 115BAA. The impact of this change on the tax expense for FY2020, including both, the one-time additional charge due to re-measurement of accumulated deferred tax asset at March 31, 2019, and the tax expense at lower rate for FY2020 was ₹ 1,390.58 crore in standalone financial results and ₹ 1,212.73 crore (net of minority interest) in consolidated financial results in FY2020.
4. The Indian Accounting Standards (Ind AS) are currently not applicable to banks in India.
Note: The above is an extract of the detailed format of financial results filed with the Stock Exchanges under Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. The full format of financial results is available on the Stock Exchange websites (www.nseindia.com and www.bseindia.com) and the Bank's website (www.icicibank.com).
